

[OFFICIAL.]
The County Land Bill.
DEPARTMENT OF THE INTERIOR,
Oct. 3, 1860.

The Congress of the United States, at its late session, having, in a spirit of justice and liberality, passed an act "granting bounty land to certain officers and soldiers who have been engaged in the military service of the United States," the President has esteemed it no less a privilege than a duty to adopt all the means in his power to give prompt and efficient operation to this beneficent measure.

I deem it proper, therefore, to announce to those entitled to the benefits of the law, that, with his sanction, I have caused all the necessary forms and instructions to guide claimants in applying for and obtaining their rights to be prepared, and they are now in the hands of the printer. At the earliest practicable moment copies of these papers will be forwarded to each member of Congress, and to the clerk of the court of every county in the United States.

It will be his purpose to administer the law in such a manner as to make it what Congress designed it to be, a bounty to the soldier, and not to agents and speculators. The forms and the mode of proof have therefore been made as simple as possible, and every facility will be afforded to applicants to establish their just demands. Clerks are now engaged in preparing from the rolls on file, certificates of service, in order that those who have not received discharges, or have accidentally lost them, may not be disappointed in obtaining their just reward.

The policy of this law in all its provisions is to discourage speculation in the claims of soldiers. The act provides "that all sales, mortgages, letters of attorney, and other instruments of writing going to affect the title or claim to any warrant herein provided for, made or executed prior to the issue, shall be null and void to all intents and purposes whatsoever, nor shall such certificate or warrant, or the land obtained thereby, be in any wise affected by, or charged with, or subject to, the payment of any debt or claim incurred by such officer or soldier prior to the issuing of the patent."

In his judgment the issue contemplated in the body of the above recited clause of the law is the issue of the patent. Consequently, all sales, transfers, assignments, and incumbrances of soldiers' land claims, made before the emanation of the patents, are void, and will be disregarded by the Government. Speculators are therefore admonished that they can acquire no rights by purchase which will be recognized by this Department.

I feel it to be my duty, also, to warn the frank and confiding soldier against the arts and devices of agents, who will seek to exaggerate the difficulties of obtaining the land in order to enhance their own charges.

The evidence of service exists among the archives of the country. In nine cases out of ten the only proof required will be the identity of the applicant, or of the marriage and widowhood, or heirship. These are facts readily proven, and therefore the difficulties will in most cases be merely nominal. And to remove even these slight obstacles, and to give more full and complete effect to the munificence of the Government, I beg leave respectfully to recommend to the proper authorities of each county and township to employ a suitable agent, at the expense of the county, to supervise the preparation of the applications and proofs of claimants. The ignorant and unwary would thus be protected from imposition, the poor soldier from burdens they are not able to bear, and the Government from many embarrassments which may result from the awkwardness of incompetent agents.

In conclusion, I desire to say that great care will be used to guard against undue preferences of one class of applicants over others. With this view, at the proper time, a sufficient number of clerks will be employed to issue the certificates with the least possible delay, so that all may have an equal chance of making advantageous locations.

ALEX. H. H. STUART,
Secretary of the Interior.

THE LATE EXECUTION AT NEW HAVEN.—It appears by the accounts in the New Haven papers that as soon as Foote and McCaffrey were swung off—

"Mrs. Jewett, Hubbard and Taylor immediately approached the bodies of the felons, took them by the hand, and with their watches intently observed the pulse of each.

McCaffrey's pulse was strong at 110 beats in four minutes after the drop fell. In one fifth of a minute pulse reduced to 80 beats a minute. In six minutes the pulse ceased. In nine minutes and thirty seconds, the heart ceased its pulsations.

FOOTE.—Drop fell at 11 o'clock and six minutes—last struggle 11 o'clock and seven minutes. Pulse at the wrist 11 o'clock 30 minutes and 30 seconds. Pulse ceased at 11 o'clock and twelve minutes.

HAMILTON COUNTY.—We publish, this morning, the official vote of Hamilton county. Wood beats Johnson 4,421 and Smith beats Cooper 3,642.—*Cin. Eng.*

The Highest Yet.—\$650 was bid and the cash paid for the first ticket to Jenny Lind's concert in Providence. This beats the New York and Boston bids.

Dr. Guyssot's Yellow Dock and Sarsaparilla.

For the cure of diseases, or as a spring purifier of the blood and as a general tonic for the system, it is unrivalled.

The curative powers of this extract are truly wonderful, and all invalids should make immediate trial of the "Yellow Dock and Sarsaparilla." It cannot injure the most delicate patient.

SCROFULA.—It has been remarked by eminent men, that in the varied catalogue of diseases to which man is liable, there is scarcely one of such importance and of such interest as scrofula, whether we look to the obscurity of its origin, its insidious progress, the number and variety of organs that it attacks, or its remarkable incurability and extensive fatality.

Scrofula has baffled the skill of the most eminent Physicians in this country and in Europe. But there is an antidote for this disease in "Dr. Guyssot's Extract of Yellow Dock and Sarsaparilla," which is proving itself a perfect Specific in the most severe cases of Scrofula. See Advertisement. Oct 17

Mr. H. G. FARRELL: I have used your Liniment, and found it more than you recommend it. I must say it is the best medicine of the kind I ever heard of. A woman here is using it for what the doctors call Fungus. The disease is said to be incurable, but she thinks your Liniment will accomplish a cure.

DIED.—After a short and severe illness, in Raccoon township, on the 4th inst., Mr. JACOB HARTSOOK, aged 70 years. Mr. H. may be considered as one of the pioneers of this country, and a long residence has made him extensively known as a firm friend, a man of cordial, regular and punctual habits. By his industry he accumulated a handsome property, and left as a legacy to his children a good example of industry and independence. His remains were followed to the grave by all his children except two, who had but a few days before left as pioneers for a new soil in the West. The funeral services were performed by Rev. H. R. HOWE, from 1 Peter, 4: 7, "But the end of all things is at hand, be ye therefore sober and watch unto prayer."

Are you a Father, laboring for the support of a family, and suffering from general debility and low spirits, or that almost seems a burden, use Dr. S. D. Howe's Shaker Sarsaparilla.

ARE YOU A MOTHER,
Suffering from diseases to which females are generally subject, use Dr. S. D. Howe's Shaker Sarsaparilla—it will certainly cure you.

Male or female, old or young, all and every family should have this excellent Family Medicine by all means. Call at our depot, or on one of our Agents, and get a pamphlet, gratis, where you will find

FACTS! FACTS! FACTS!!
That can be substantiated by thousands of living witnesses in this city and country, viz: that the

SHAKER SARSAPARILLA.
As prepared by Dr. S. D. Howe, has been the means of permanently curing more diseases to which the human family are continually subject, than any other preparation of Sarsaparilla ever yet brought before the public.

The purity and efficacy of the Shaker preparation is well known, and requires no long list of certificates, and cures to introduce it; its increased demand for the past twelve years, is its best recommendation.

This medicine has established its high reputation throughout New York and New Hampshire, and the Eastern States generally, by its numerous and well attested cures; and also by the recommendation and approval of the first physicians, who now use it in their private practice.

It is the only Sarsaparilla that acts on the Liver, Kidney and Blood at the same time, which renders it altogether more valuable to every one, particularly Females.

Dr. Mussey, Professor in the Ohio Medical College, &c., says the Shaker preparations are truly valuable, and recommends them to the public. No Mercury—no Mineral—no Poisonous Drugs in the Shaker Sarsaparilla.

REMEMBER,
It is warranted to be purely and ENTIRELY VEGETABLE.

And as a Female and Family medicine it has no equal.

Be sure you inquire for Dr. S. D. Howe's Shaker Sarsaparilla, and take no other.

Gallipolis, Oct. 17, '60.—2m

To the Honorable the Commissioners of Gallia County:

WE, the undersigned petitioners, of said county, pray your honors for a location of a county road, commencing at the John Creek county road, at or near the crossing of Indian Guyard creek, near the farm of John Swinder; running across the left side of Davis creek, opposite the corner of John Swinder's field, crossing said creek and running straight across to the foot of the hill; thence running along the foot of the hill on the east side of the creek, through the farms of Stephen Caldwell and Matthew Caldwell, and on the outside of Sand Holly's farm to a branch near Pletley Martin's house, there an arm to commence at the branch, and running from the main road towards Merville, up said creek to the fork, thence up the fork, passing the school house to intersect the Hannan road at or near the corner of John R. P. Montgomery's field on said road, and thence end; thence the main road extending from said Martin's up the main creek, running on the right hand side of Martin's house; thence running the hill side outside of the fences to the Narrows, at or near an old stable; thence cross the creek to the left hand side of said creek; thence running up said creek on or near the bank of said creek to Elice Smith's, there another arm to take off from the main road to run up the right hand fork of said creek, running on the left side of said creek to the end of John Lusher's field, thence crossing the creek; thence running the hill side to the mouth of the first branch; thence the nearest and best way, so as to intersect the Hannan road at or near an old hickory tree, about one hundred yards from the lower end of Stephen Embisher's field, and thence end.

Commencing again with the main road, thence running up the hill side on the left hand creek, on the best ground, to or near Peter Niday's house; thence to take the left hand fork, running up said fork on the best ground, out at the head of said fork, to intersect the Dawson road at or near Nathaniel Blumhagen's barn, before Squire Brumhagen's door, and thence end.

BOUNTY LAND AGENCY.

By an act of Congress passed at the last session, Bounty Land is granted to soldiers, and widows and minor heirs of soldiers, who have served in any of the wars in which the United States have been engaged since the year 1790, not otherwise provided for. For the benefit of such, he has opened an office, or Bounty Land agency, opposite his dwelling house, on front street in Gallipolis, below Managers steam mill, and will prepare evidence, and obtain land warrants, for all who may employ him. Having the muster and census rolls of the year 1812, 1813, 1814, he is at once enabled to assist those who may apply for lands for serving during that period. Time should not be lost, as those getting warrants first will have first choice of lands.

DONNELLY & MYERS.

WE DAILY bear of the most astonishing cures being effected by that great and popular medicine, the genuine

H. G. FARRELL'S ARABIAN LINIMENT.

The greatest remedy ever discovered for almost all complaints requiring an external application, either in man or beast. In the short length of time it has been in the hands of the people of the United States, it has gained a reputation unequalled by any other medicine in the known world. Why is it? The answer is plain: because no medicine of the kind has ever been put before the public as deserving of the rich rewards it has acquired; and it will continue to gain friends as long as it performs the most extraordinary cures of various descriptions, after the doctors and all other remedies have failed. We do not only say that the genuine H. G. Farrell's Arabian Liniment, and a few bottles entirely cure what other medicine can do, but you have here certificates of what it has done.

Thaddeus Smith, of Mudd Creek, Tazewell Co. Va., says: "I had lost the use of my arm for more than a year by paralysis; the flesh had entirely withered away, leaving nothing but skin, muscles and bone. I tried all the best doctors and all the remedies I could bear of, but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few bottles entirely cured me, and my arm is now as strong and fleshy as the other. It is also first-rate for burns, sprains and bruises.

The celebrated DOCTOR JAYNE, whose reputation as a benefactor to mankind extends over the whole world, reports that one of the first families in Philadelphia had been confined to her bed fourteen years with Rheumatism, and was cured by H. G. Farrell's Arabian Liniment. He also says: "Your liniment is going rapidly, and we are supplied immediately by Leeche's fast line."

My daughter, when 6 months old, was taken with a swelling in the tonsils, which grew larger and larger, till when 6 years old she had great difficulty in swallowing her food. Every night, when she was kept, fearing she would suffocate. The best doctors attended her, but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to cut it out. With and heart I returned home with her, when she became so much worse that the doctors had to be called in again; they decided the tonsils must be cut off, as the only means of giving relief. My wife would not consent to this, and she determined to try my liniment, which gave relief the very first application, and by a continued use she entirely recovered. She is now 10 years old, and fleshy and healthy as could be desired. Your liniment is also the best in use for sprains, bruises, cuts, burns, headache, &c.; and it will remove the most severe pain in a few minutes. It also cured caked udder in my cow in a few days.

GEORGE FORD.

Peoria, Ill., July 2, 1849.

Mr. H. G. Farrell: Your Arabian Liniment is the greatest medicine for human flesh in the world. I had a mare about to foal, when she became so helpless that she could not rise from the ground; she was in this way for several days, when with seven others I succeeded in raising her up, which was the only way it could be done, when I commenced the use of your excellent liniment, rubbed in well over the loins, and astonishing as it may appear, before I used up a bottle of the dollar size, she was able to get up and walk herself. I would not have given ten dollars for her before, and now I advise me to shoot her to put her out of misery; she is now one of my best mares. I suppose it was a strain in the loins.

G. W. HUNT.
